

Little Grove PRIMARY SCHOOL

A Proud Independent Public School

E-News 21 August 2020

Good afternoon **Subscribers Name**

Update on Term 3 Events

Unfortunately, as our State is still in COVID-19 Phase 4 Restrictions until at least 23 October 2020, our planned Open Night on Tuesday 15 September will not be going ahead. This is due to the Department of Education still being required to follow AHPPC guidelines and restrictions around the hosting of public gatherings.

As this is an outdoor event, our Faction Athletics Carnival will still go ahead on Friday 18 September 2020, but with considerable and extensive modifications. More information will be communicated to families once all adjustments for the event have been finalised.

Holding our Book Fair outdoors in week 7, also assists us to abide by the restrictions while still holding this fun event. Please see the below article for all the information on our Book Fair.

P&C Fathers Day Raffle

Our P&C committee have been working really hard behind the scenes to gather donations from local businesses for their huge Fathers Day Raffle. The prizes can only be described as amazing. As we haven't been able to do any fundraising activities so far this year - the P&C are hoping that everyone will support them in this raffle. Information sheets have been sent home via eldest family members today - please check their school bags.

A collection box for all ticket orders will be in the office from Monday morning.

Wishing everyone a fantastic weekend.

News Headlines

Room 2 was in the news this week.....

BREAKING NEWS

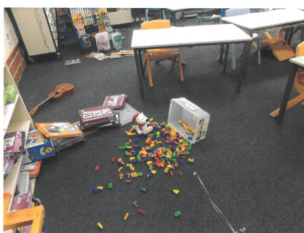

Bears trash classroom at Little Grove Primary School

It was discovered this morning that Teddy Bears, who had held a sleep over at the school last night, could not be trusted to be left alone.

The Bears had turned over furniture, messed up bookshelves and left a mess everywhere. One of the bears, known as Big Ted, who is rumoured to be owed by the Principal of the school – has rummaged through the teacher's cupboard and even tried on his hat and vest.

The students of Room 2 will now have to spend their morning tidying up the mess that was left.

The school will now need to review if it will allow bears into the school again in the future.

Book Fair is Coming to LGPS

For those of you who have not experienced a Book Fair before, it is the same as our Scholastic Bookclub, but you get to see the books in real life, instead of choosing from a magazine – and take them home on the day.....

SCHOLASTIC

Book Fairs

YOU'RE INVITED TO OUR SCHOLASTIC

BOOK FAIR

SNOW MUCH TO SEE AND READ AT OUR BOOK FAIR

BOOKS START AT \$5

Book Sales will be held

Held before and after School on

Tuesday 1 September

& Wednesday 2 September 2020,

Outside – between the office block and the Staffroom

Students will bring home a Book Fair flyer today – which shows just a few of the many books that will be on sale at the fair – and is really just a reminder that the book fair is coming.

Book prices range from \$5 to \$40 and there is a great variety to suit everyone's taste.

Cash and Eftpos payments are accepted.

If parents would like to come and browse they are welcome, but are reminded that COVID19 restrictions are still in place and physical distancing is still required on our school grounds – please follow the signs displayed.

Students will be able to browse the books during recess, and can write themselves a “wish list” listing which book they would like and the cost – they can then bring back their list with payment the next day – and take the book home with them.

A commission on all purchases made earns books for our school Library.

Marine Studies - Science Week

As part of Science week and Little Grove's Marine Waters study course, Room 8 participated in a live online lesson about Ending Overfishing: Virtual Classroom with Marine Scientists.....

This was part of the launch for the Marine Stewardship Council (MSC) education resources. Presenters included Shark Biologist Dr Adrian Gutteridge and Ocean Conservationist and Former presenter of Channel 7's 'Get Clever' Laura Wells.

Due to the study already conducted in first term of this year, Room 8 were very familiar with the topic and answered all of the online questions correctly. However, the students found it interesting to hear the experts talking on a range of topics and learn more about sustainable fishing practices.
